

----- ILTE STUDY NEWSLETTER - July 2008 -----

Dear ILTE Investigators,

following the meeting of the ILTE Steering Committee in Copenhagen held on June 13th, I'd like to update you on the status of the study.

The numbers are extremely good: almost 1000 registered patients, 92% eligibility score, 5000 person years already available for analysis.

This important results was possible only thanks to your efforts and cooperation.

There are interesting results already available and for this reason it was decided to submit an abstract for the next ASH meeting. All participating centers will be acknowledged; however due to ASH rules, only 5 investigators will be able to co-author the abstrat. They will be chosen according to the ILTE publication policy published on the ILTE web site (www.ilte-cml.org). Once accepted, the abstract will be circulated among all ILTE investigators.

If you need further information do not hesitate to contact me.

With best regards.

Carlo Gambacorti-Passerini MD
